

# *Have you visited St. Mary Cemetery lately?*

Before

After

The roads in St. Mary Cemetery have been in disrepair and in need of regrading for many years. Through the generosity of **Albert St. Pierre** and **St. Pierre, Inc.** and with the help of Rob Knight and Damian Truttling of the Claremont Department of Public Works, the roads were regraded and 1000 tons of 3/4" Stapak delivered, tailgate spread and rolled into roads which now are something to be proud of in St. Mary Cemetery. This 3-day project would not have been accomplished without the generosity of such good people. Thank you does not adequately express our gratitude!
